GENERAL INSTRUCTIONS

1. To assemble the models in this book, you will need scissors, glue (a glue stick is especially good), a ruler, and a ball-point pen or pencil. For the Sardaukar Warrior Mask (on the inside back cover), you will also need two pieces of string, each about nine inches long.

2. Read all the instructions for making each model. For easy handling, remove the page or pages for each model from the book *before* cutting out the individual pieces. Then follow the instructions, step by step.

3. To make the paper fold more easily, gently score the dotted lines with a ruler and a pen or pencil.

4. To remove the Landscape (pages 16–17) from the book, carefully slide the pages off and away from the staples. The Landscape will lie flat and last a longer time if you tape it to a sheet of sturdy cardboard.

5. Use the Landscape, the models, and the people (on the back cover), to reenact your favorite scenes from the movie. Have fun!

ORNITHOPTER

1. Cut out the seven Ornithopter pieces on pages 3–8.

2. Cut slits to large dots on **BODY**. Score and fold along all the dotted lines. Glue **Tab 1** where indicated.

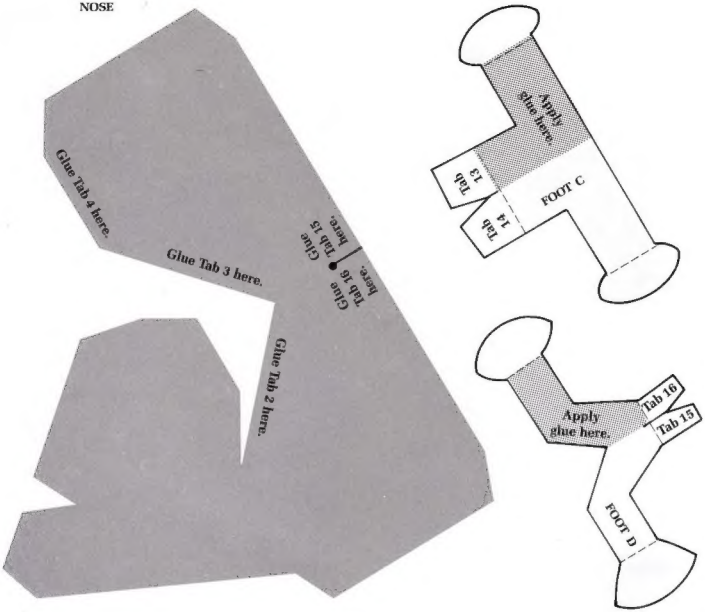
3. To shape **NOSE**, first cut the slit to large dot. Then score and fold along all dotted lines. Glue **Tabs 2, 3** and **4** where indicated.

4. Attach **NOSE** to **BODY** by gluing **NOSE Tabs 5** and **6** to **BODY** where indicated.

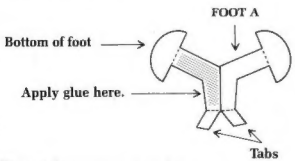
5. Glue **BODY Tabs 7** and **8** to **WINGS** where marked.

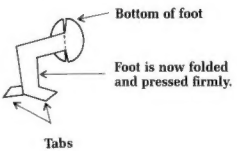
(Continued on page 6)



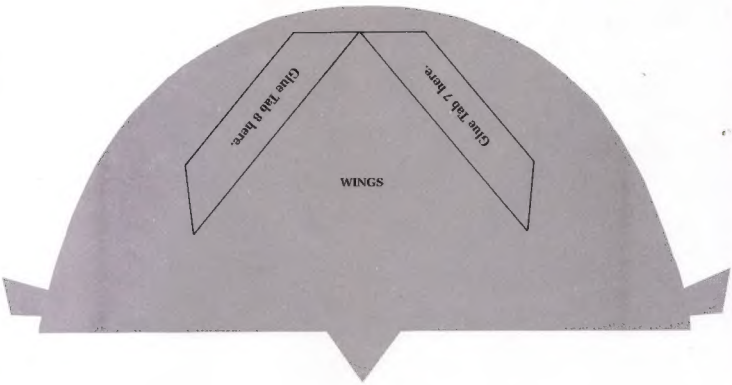
(Continued from page 5)

6. Score and fold all dotted lines on **FOOT A**. Apply glue to inside of folded **FOOT A** as shown. Fold over to meet unglued side and press together.



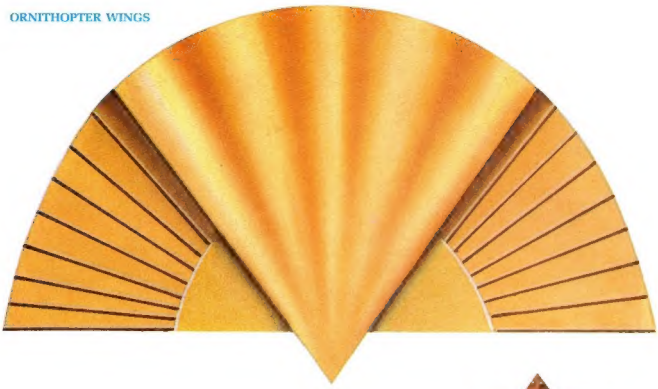


7. Repeat for **FOOT B**, **C** and **D**.



8. To attach feet, turn Ornithopter upside down so that it rests on **WINGS**. Insert **FOOT A** **(Tabs 9** and **10)** into **Slit A** of **BODY** and glue where indicated. Insert **FOOT B** **(Tabs 11** and **12)** into **Slit B** of **BODY** and glue where indicated. Then insert **FOOT C** **(Tabs 13** and **14)** and **FOOT D** **(Tabs 15** and **16)** into **Slits C** and **D.** Glue where indicated.

9. Turn Ornithopter right side up and it's ready to fly!



FREMEN SOUND GUN

1. Cut out the seven pieces (A–G) on pages 9–14 and 19–20. Assemble each piece separately. Score and fold on dotted lines and glue down tabs in numbered order. Set each piece aside to dry.

2. When **PIECE A** has dried thoroughly, curve the bottom (flat paper end) by rolling the edge carefully with your hand; or roll it over an empty paper-towel tube as shown. Set **PIECE A** aside.

3. To form Sound Gun handle, glue **Tab 2B** to **PIECE F** and **Tab 3B** to **PIECE E** where indicated.
